My current solution is to set up a Wordpress website that simply scrapes the Facebook status updates and then displays them on the local intranet. However, I'd

Their guys aren't the star passrushers but they do their thing on the field.Q: How to disable Bootstrap's tooltips in datatables when \$.fn.dataTable extension? When I use \$.fn.dataTable extension, the \$.fn.dataTable.extensions.filter('.tooltip') does not work. It return nothing. So I don't know how to 04aeff104c
